

EVERYTHING READY FOR FRENCH MARCH INTO THE RUHR TODAY

With Belgium at Her Side and Supported by Italy the Long Talked of Separate Action Will Begin—Withdrawal of American Troops is a Blow at French Pride

(By The Associated Press)

PARIS, Jan. 10.—France will go into the Ruhr tomorrow morning; tanks, troops, airplanes and engineers are ready. Essen will bow to the French in the early morning hours and Premier Poincare when he appears in parliament tomorrow will tell not what he plans to do but what he has done.

France, with Belgium at her side and supported by Italy, will begin her long talked of separate action. The decision of President Harding to withdraw immediately the American troops from the Rhineland came as a blow to the pride of France and to the French sense of right, although there is no word of official criticism—only regret.

The French people are standing behind their government at what is frequently described as the most critical moment since the end of the war. Germany was notified today in identical notes from France and Belgium that effective tomorrow control of the Ruhr coal distribution would be under a commission which will go in with a small army as a guard. Italian hesitation has been giving some concern but Italian engineers will go with the French and Belgians, which fact M. Poincare's note to Germany took pains to mention.

AMERICAN TROOPS WILL BE BROUGHT HOME FROM RHINE

Order of Yesterday Shows Disapproval of French Action

(By The Associated Press)

WASHINGTON, Jan. 10.—American troops were ordered home from the Rhine today with every indication that the administration's purpose was to emphasize its disapproval of the French reparations program. They are expected to be back in the United States by February 5.

Official explanation of the withdrawal order issued immediately after a morning conference between President Harding and Secretaries Hughes and Weeks, was confined to the statement that the president deemed it expedient at this time. There were intimations which appeared authoritative that France had been informed that persistence in her plans for forcible measures in Germany would result in American withdrawal from the Rhine but no intimation was given as to when or how diplomatic exchanges of such a nature had been transmitted.

Ambassadors of the allied countries here, including the French and American ambassadors in Europe were promptly informed by the state department of the order. A cable message from the war department to Major General Allen, commanding the American army of occupation gave him preliminary instructions to prepare for withdrawal while orders also were issued for the transport St. Mihiel to sail from New York Friday. She will pick up about forty officers and more than 1,000 men comprising the American force on the Rhine either at Hamburg or Bremen as General Allen elects.

Seeking Solution In Reparations Questions

(By The Associated Press)

ROME, Jan. 10.—Premier Mussolini is working actively to find a satisfactory solution of the reparations question.

Frequent telegrams have been exchanged between the Premier and Baron Romano Azevado, ambassador to France. In some political quarters it is asserted that a new Mussolini project is on foot which aims rather at helping Germany economically, thus enabling her to pay her reparations than to make an irreconcilable enemy. In these circles the belief is expressed that the threatened military advance into Germany was a diplomatic expedient to reach the object desired by the allies and also to justify those in power in Germany in the eyes of the German people in meeting the demands of the allies under threat of foreign occupation.

The suggestion also was put forward that Mussolini would be induced to participate.

BRITISH LAY CARDS ON THE TABLE IN AN EXECUTIVE SESSION

Renewed Hope That Some Agreement May Be Reached

(By The Associated Press)

WASHINGTON, Jan. 10.—Great Britain's financial mission laid its cards on the table today before the American debt commission at an executive session at the treasury. Details were withheld but there were renewed expressions of hope that out of the negotiations would come at least a tentative agreement for the refunding of the British debt of more than four billions of dollars, perhaps within a week.

While the official spokesman for the negotiators reiterated there had been no concrete proposals as a basis of settlement it was apparent that the American commission had before it information upon which to base the conclusion that the London government could not consent to terms within the limitations laid down by congress as to the time of payment and the rate of interest to be charged.

Before the commissions assembled for their second session, Senator Smoot, Republican, a member of the American delegation informed the senate finance committee that congress would be asked to broaden the powers of the American commission in dealing not only with the British debt but with those of the other allied countries.

Senator Smoot did not suggest just what additional authority would be asked and it was said later that the commission had not determined that question.

Meantime the American and British commissions will undertake to reach an agreement, irrespective of the limitations in the existing statute. Should they be successful and President Harding approved the plan of settlement the next step would be to request ratification by the house and senate.

It would then be expected that a move would be made to amend the law so that the commission might follow the same course in dealing with the other debtor countries.

At today's session of the debt commissions, the British delegation presented a mass of data and statistics to support the opening statement of Stanley Baldwin, British chancellor of the exchequer, as to the conditions which Great Britain faces in arranging to meet its wartime obligations.

There was included copies of the British budget for this and other years details as to assets and liabilities and many other matters essential to an assessment of the whole situation.

The official spokesman said this information was discussed informally for nearly two hours and that it would receive further consideration at a third session tomorrow.

Million People Will Be Affected

(By The Associated Press)

LAUSANNE, Jan. 10.—One million human lives are vitally affected by the decision reached by the Near Eastern conference today. One million Moslems and Christians who live either in Greece or Turkey must give up their farms, homes and business places and move on to find farms, homes and occupations elsewhere.

In the interest of future peace between Turkey and Greece the Mohammedans in the Hellenic peninsula must henceforth reside in Turkey, and Greek Christians in Turkey must emigrate to Greece.

The statesmen have no illusions about the hardships this compulsory exchange of populations will entail on the individuals affected. They justify their action by pointing out the beneficial influence it will have on the maintenance of peace in the Near East which the conference was summoned to proclaim.

That peace in some form will be signed at Lausanne seems more probable in consequence of today's developments. It reported that the Mosul oil dispute will be settled outside the conference and earnest efforts are being made to find some satisfactory formula concerning judicial guarantees for foreign residents in Turkey which will be acceptable to the Turks.

Today events were of a nature to propitiate the Greeks for the Turks' announcement that the Greek patriarch who is primate of the Orthodox Church, can remain in Constantinople provided he abandon all political and administrative activities and devote himself exclusively to spiritual matters.

Also as an exception to the general arrangements for the compulsory exchange of populations the Greek colony in Constantinople will be allowed to remain there. The compulsory exchange will be carried out as humanely and justly as possible under the direction of a special commission which will appraise the values of all individual properties and endeavor to effect a reasonable exchange of families and communities.

About 400,000 Mohammedans who settled in Greece-Macedonia and the plains of Thessaly, famed as the scene of wars of antiquity will be asked to emigrate to Turkey.

So many Greeks have already fled from Asiatic Turkey that it is difficult to estimate the number at present there, but it is believed about 600,000 will be affected.

BOYDEN'S RECALL TO FOLLOW THAT OF U. S. TROOPS

Unofficial Observer is Unofficial Meddler, Reed Says

(By The Associated Press)

WASHINGTON, Jan. 10.—President Harding's action in ordering American troops home from the Rhine should be followed by the recall of Roland W. Boyden, unofficial observer for the United States on reparations commission, Senator Reed, Democrat, Missouri, declared today during an address in the senate.

An unofficial representative, he asserted, "is unofficial meddler."

Senator Reed, the author of the resolution adopted by the senate urging withdrawal of Major General Allen's command from Germany, discussed the administration's action and the activities of Mr. Boyden abroad during a speech on his resolution looking to the purchase by the United States of British and French possessions in the West Indies. While the advisability of continuing to have Mr. Boyden on hand at deliberations of the reparations commission was being discussed in the senate, the text of his remarks yesterday before the commission in which he expressed disapproval of the French intentions of holding Germany in default on coal deliveries were received at the state department which declined to make it public.

In the senate the policy of the French was not criticized, Senator Reed declaring he did not wish to do so because he was not informed as to details and because British propaganda is being spread in American newspapers.

Sensors generally expressed approval of the administration's decision to withdraw all American troops from the occupied zone in Germany.

What effect the recall of the American contingent would have on the proposal before the senate for foreign relations committee for official American representation on the reparations commission was not indicated by leaders.

EMPLOYMENT IS IMPROVING STEADILY

(By The Associated Press)

WASHINGTON, Jan. 10.—Continued improvement in the employment situation throughout the country was indicated by the department of labor's report on conditions during December, made public today. In practically all states the situation in virtually every occupation was reported improved.

In Ohio, Michigan, Illinois, Indiana and Wisconsin, employment above normal for this season of the year was reported. The steel industry was operating at only 75 to 85 per cent of normal. All other lines showed increases over former years.

In Minnesota, Iowa, Missouri, Kansas, North Dakota, South Dakota and Nebraska, general betterment, with some common labor idle on account of lumber camps closed by weather and a slight decrease in agricultural employment was disclosed.

FRANCE REGRETS THE WITHDRAWAL OF U. S. TROOPS

Fear it Will Be Construed as a Rebuke to France

(By The Associated Press)

PARIS, Jan. 10.—The army and people of France felt deep regret and depression tonight over the order for the American forces to leave the Rhine. The fear was openly expressed that President Harding's decision would be construed by Germany and other nations as a rebuke to France upon the eve of her independent action in the Ruhr.

Altho Premier Poincare had not up to a late hour tonight received official confirmation of the decision he accepted the news dispatches on the subject as authentic.

M. Poincare was in the senate when the first dispatches from Washington reached Paris. Messages were hurried to him and he immediately conveyed the information to a group of senators.

The senators expressed considerable surprise at the news, professing refusal at first to believe that the United States would take such a step at this time in view of its possible effect on the opinion in Germany and other countries.

The fact that the resolution adopted by the American senate on Saturday made it clear that the withdrawal was not to be taken as criticism of any power, will hardly be sufficient it is believed here to convince the Germans and others that America is not taking this means strongly to register its disapproval of the French independent action.

It is pointed out that Germany will be only too eager to seize upon President Harding's decision as justification of her contention that the French action is illegal and in direct violation of the treaty of Versailles.

There was also some speculation here tonight as to the possible reaction the decision might have on tomorrow's meeting of the British cabinet which is expected to consider the position of the British troops on the Rhine.

ST. MIHIEL WILL SAIL FRIDAY NOON

(By The Associated Press)

NEW YORK, Jan. 10.—The transport St. Mihiel will sail for Europe at noon Friday to bring back the American troops on the Rhine, which was ordered today by President Harding. It was announced this afternoon.

Colonel Louis H. Bash, at the army transport base in Brooklyn, said the vessel had been ordered to sail for a German port not yet designated.

Work of stocking the St. Mihiel was begun immediately.

Captain Oliver of the St. Mihiel said it would take 13 or 14 days to make the voyage across. The St. Mihiel, built at Hog Island and commissioned three years ago is one of the best of the army transports. She is equipped to supply 1,100 officers and men comfortably.

Army transport service officers said the vessel could be fully provisioned and coaled in 24 hours.

GIVES OUT NATIONS BUILDING EXPENDITURES

New York, Jan. 10.—The nation's building expenditures in 1922 totalled \$2,499,961,532 which was \$85,049,000 or 54.8 per cent in excess of the next best year 1921, according to statistics made public today by Bradstreet's.

PRESIDENT HARDER GIVES COLLEAGUES SOME PLAIN TALK

Has Money for Everything Save Education

(By The Associated Press)

CHICAGO, Jan. 10.—At least \$10,000,000 is needed for the proper support of 100 Methodist Episcopal college and universities in the United States, Dr. J. L. Seaton of the Methodist board of education declared today in an address before the educational association of the church held at Northwestern university, Evanston.

Dr. Seaton said this amount of money was necessary if some of the churches' finest universities are not to continue to pile deficits and the institutions face the question of reducing standards or of actual suspension of work. Dr. Seaton's statement followed a conference address by Dr. J. R. Harker, president of the Illinois Woman's college at Jacksonville, Illinois, in which he asserted that Methodism has money for every cause save that of education.

"Methodism," President Harker said, "sees the educational baby brought into the world and then calmly leaves it on a local doorstep, not caring apparently whether the youngster dies or lives a life of comparative starvation."

He suggested that the church include in its budget an item for the support of all its affiliated schools, providing for the current needs of the institutions equally and adequately "as compared with all the other interests of the world-wide church."

INSTRUCT DIPLOMATS AS TO LINE OF ACTION

(By The Associated Press)

BERLIN, Jan. 10.—The German government has instructed its diplomatic representatives abroad to submit to the governments to which they are accredited a comprehensive statement of the material and legal aspects of the impending occupation of the Ruhr and to lodge protests against what is described as a breach of both the Versailles treaty and of international law. The French ambassador and the Belgian charge d'affaires this afternoon submitted identical notes to the German government regarding joint action by France and Belgium in the Ruhr.

Foreign affairs minister of foreign affairs, informed the foreign affairs committee of the reichstag that the German government would not reply to the notes but that it would lodge a protest against the impending action in the Ruhr as constituting breaches of existing treaties and international law.

PHASES OF PACKER MERGER DISCUSSED

(By The Associated Press)

WASHINGTON, Jan. 10.—Phases of the proposed Armour-Morris packer consolidation were understood today at a conference between F. Edison White, law president of Armour and Co., and Senator Kendrick, Democrat, Wyoming, chairman of the senate agricultural sub-committee which is considering measures calling for an investigation of the proposal by the federal trade commission and for restoration of the commission's power to make inquiries into the packing industry. Neither Mr. White nor Senator Kendrick would disclose details of their conversation.

Mr. White as a member of a committee for the Institute of Meat Packers will confer tomorrow with Secretary Wallace and other officials of the agricultural department regarding administration of the packer control law.

SCALE COMMITTEE TO REPRESENT OPERATORS

Chicago, Jan. 10.—Illinois coal operators will be represented at the joint meeting of operators and miners from the old central competitive field to be held in New York January 18, by the scale committee of the state association. It was decided today at a meeting of the state operators.

The executive board of the association will attend and act in an advisory capacity.

APPOINTMENTS OF GOVERNOR SMALL MEET OPPOSITION

Objection Made to Many of Them But in the End All are Confirmed—Senate Indulges in Stormy Session Before Adjournment—Appropriations Committee is Named

(By The Associated Press)

SPRINGFIELD, Ill., Jan. 10.—Opposition to confirmation of certain of Governor Small's nominations for appointive offices presented to the senate yesterday and the adjournment of both houses marked the principal matters of legislative business here today. The house after a brief session adjourned until 10 A. M., Tuesday, while the senate in a stormy meeting transacted its business and adjourned until a week from next Tuesday. It confirmed all the governor's appointments. All matters of interest in the meantime will be held for reference to the proper committees.

Two bills were introduced in the senate and twenty-one in the house.

The senate approved the deficiency measures previously presented allowing a little over \$120,000 to the adjutant general and \$35,000 to the public health department following brief committee sessions prior to adjournment.

A boxing bill drawn by Representative Gallas, Chicago, went into the house hopper.

The bill provides for a boxing commission to regulate the sport, along with other athletics.

"Wet" and "dry" measures were presented by Representative Carl Mueller, Chicago, Thomas Curran, Republican, Chicago, and Charles H. Weber, Democrat, Chicago. The measures would repeal the acts of 1919 and 1921, and would make the state and federal laws uniform.

Representative Brinkman presented his bill to confer upon cities and villages the power to organize transportation districts. This in reference to the transportation measures planned for Chicago and Cook county.

Gateway bills were presented by Representatives Soderstrom, Arnold and Grady.

The two senate bills one from Senator Ryan would enact a law making the "American language" the official language in the state instead of the English language and Senator Jewell's bill would allow but eight hours for women labor in the state in certain industrial occupations went to the speaker's table for further reference.

The senate confirmed the governor's appointments, 100 in all, after heated debate in which charges against certain of the appointees were discussed. An effort was made to separate the list of appointees, one group being classed as objectionable and to be held for investigation while the other group will be confirmed. Constitutional arguments followed this suggestion, with the final agreement upon a roll call vote, permitting each senator to explain his vote if he wished. Several stressed their objections prior to the vote while others took time during the roll call which was finally carried 34 to 3, with 9 present or not voting.

The senate appropriations committee named today is composed of the following: Senator Wright, chairman; Senators Ertel, McClure, Murray, Borbour, Ross, Swift, Hicks, Clark, Kessinger, Glackin, Daley, Means, Hughes, Bailey, Mason, Dunlap, Hanson, Buck, Carlson, Hamilton, Boyd, Cuthbertson, Essington, Barr, Jewell, Glenn, Searcy, Wood, Sneed, Giberson, Carroll, Boehm, Lantz, Mills, O. W. Smith, Republicans, 30; Democrats, 5.

The senate will not meet until January 23. The day following it will inspect the new prison at Joliet upon the invitation of prison officials, Senator Barr announced.

NAMES OF THIRTEEN MEN BROUGHT OUT IN MER ROUGE MURDER

Day of Climaxes in Hearing of Testimony Yesterday

(By The Associated Press)

BASTROP, La., Jan. 10.—State's attorneys today began sounding the depths in the open court inquiry to fix responsibility for the kidnapping and slaying of Harry Neelins, a natural garage proprietor, star witness of the day whose testimony brought before the inquiry the names of six men—Jeff Burnett, now being held on a charge of murder; J. K. Skipwith, recognized klan leader in Morehouse Parish; James Tisdale of Monroe; A. B. Campbell of Jones, Dr. B. M. McKoin, former mayor of Mer Rouge and a man named Rogers, as members of a hood "kidnapping" party which operated on the highway near Bastrop, August 18 last, when Richard was taken into the woods for questioning.

Neelins brought forth the name of Fred Carpenter, sheriff of Morehouse parish.

"Mr. Carpenter was within 100 feet of the garage in Bastrop from which Richard was kidnapped at the time he was taken prisoner August 18," Neelins said.

Germany In Counter Action Against France

(By The Associated Press)

Official quarters have declined to discuss the significance of the American step. While a few of the political leaders interpret it as a moral reproof to France, the bulk of opinion around the reichstag was inclined to believe that the president's action was hastened by a desire to prevent the American forces from becoming entangled in any complication which might arise thru the French advance into the Ruhr.

Popular opinion reflects general regret at the withdrawal of the Doughboys, not only because their presence always was viewed as a beneficial and neutralizing factor in the occupation situation but chiefly because of the conviction that the American precedent will be followed by England, thus leaving the Rhine wholly at the mercy of the French.

FARM BUREAU NOTES
Farm Accounting at Chapin H. S.
Principal Lester S. Hess has found enough boys interested in farm accounting to form a Farm Accounting Club at Chapin H. S. Club members will keep an account of the farm operations on the farm home and exhibit books with suitable write up at the end of the year. Suitable prizes will be provided.
More Poultry Cooperators
We now have eighteen enrolled: Mrs. Yuba Funk, Mrs. Henry Miner, Mrs. Emory Thady, Mrs. Vortrees Blimling and Mrs. Walter Long have enrolled since the first list was published.
Earl C. Smith of Pike County
The Pike County delegates who attend the I. A. A. meeting at Chicago January 17 and 18th expect to nominate Earl C. Smith as a favorite son for the member of the executive committee from this twentieth congressional district. W. A. McNeil of Chandlerville is the present committeeman. Our voting delegates are Charles S. Bleck and O. A. Konner.

Keep A Farm Accounting in 1923
At this time of year merchants every where are getting ready to invoice. Once each season they find it necessary to take stock and see where they stand financially. What about the Farmer? Most Illinois farmers have as large an investment as the average merchant and many as large as the county banks. How can the farmer do business without knowing his financial standing?

The simple farm account book gives this information. The inventory can be put in, in about two hours. After that, farmers tell us, 15 minutes a week is all the time required to keep the entries up to date. This record will show the farm's main sources of income. It will result in more economical production and the money saved in this way will buy just as much as the dollar received from the sale of more products. Best of all, the money saved on cost of production does not come out of the consumers pocket.
The account points out the leaks in the farm business. By knowing where mistakes have been made, it is easier to avoid losses in the next year's operations. If you are fortunate enough to have to make out an income tax return of your farming business it will give you the information you need. It will show you whether or not the cash you have in the bank is profit, or just interest received for the use of capital invested in the farm business.

It shows how efficient you are as a farm operator, for your success as a manager depends to a large extent upon the margin you keep between the cost of production and the selling price of your products. It will show how efficiently your labor is handled by using such measures as crop acres worked per man and per horse, and how much you can make an acre produce. It tells you whether your live stock is productive or whether your feed and labor are wasted on stock that does not return a fair rate on the investment. It gives information necessary to analyze your farm business and points out the need of balance in your farming system, which will tend to make the farm as a unit, more profitable.

Let your first New Year's Resolution be the resolve to keep a farm account in 1923. R. L. Donovan, Farm Organization and Management, Dept. C, of I.

FREE BARBECUE
A free barbecue at noon was one of the features of the day, and more than 2,000 persons enjoyed the feast. The meat was prepared under the supervision of Rev. W. E. Spoons of this city, with Joshua Vasconcellos as chief assistant. More than 800 pounds of meat was consumed, with other eatables in proportion.
In the afternoon a Fordson tractor clinic was conducted by Messrs. Wright and Jones of St. Louis. In addition several industrial reels were shown, the afternoon program being given in the new garage building.
Two dances were given as evening features, a round dance in the new garage and a square dance in the implement house just across the street. Brown's Serenaders furnished music for the first dance and the Simms family for the other. In addition the industrial reels were again shown at the Bijou theatre during the evening.

GRACE CHURCH SETS HIGH AIMS FOR 1923

Cards are Mailed to Members to Obtain Pledges for Church at Work—Rev. Mr. Smith Gives Address Wednesday Night.

Grace M. E. church is adopting a church at work program for 1923, and cards containing the aims of the church for the year and a pledge to be signed by the members were mailed Wednesday evening to every member of the church. Following are the aims of the church for 1923:

Attendance at Sunday school, 400.

Attendance at evening service, 300.

Attendance on church night, 100.

Attendance at Epworth League, 100.

Increase in church membership 100.

Subscribers to Advocate, 100.

Contributors to benevolences and local budget, 800.

Tithers' league, 300.

The weekly church night was held Wednesday evening, with a

good attendance. Supper was served at 6:30, and was followed with a new feature of the program, an address by Rev. T. W. Smith on prayer. Each week it is planned to have some new feature between the supper hour and the prayer meeting period. Rev. Smith emphasized the agony of real prayer, stating that most people would rather work twelve hours a day than spend twelve minutes on their knees in real earnest prayer.

BRILLIANT ARTIST TO APPEAR

Bogumil Sykora, one of the most brilliant cellists virtuosos of today will appear in concert at Illinois Woman's college, Monday evening, January 15, at 8:15 o'clock. This concert is the last number of the artist series of the season of 1922-23. Sykora made his American debut last year in Carnegie hall, New York, and the music critics of the great daily papers of New York agreed that Sykora is one of the great cellists of the world, possessing a technique at once firm and elastic and a soul of great richness which he controls with great delicacy.

During this season Sykora is making his first general American tour and in all the cities where he has appeared, the press notices indicate his sensational success. Hubert Carlin, who will be remembered by the concert goers as the successful pianist and accompanist with Isadora Berger, violinist, will appear with Sykora in his Jacksonville recital as accompanist and assistant artist.

KNOX ALUMNI ESTABLISH MEMORIAL

Several alumni of Knox college have recently combined in making a donation for the Illinois college alumni fund for the establishment of a Newton Bateman memorial in that fund. The donation has been most gratefully accepted by the treasurer of the Alumni Fund association. It not only honors a distinguished alumnus of Illinois college and perhaps the most distinguished president of Knox college, but the act also reflects the intimate relations which have existed for many years between Knox and Illinois. Years ago Knox was one of the chief competitors of Illinois in athletics and oratory and while the intimate relation has somewhat lapsed in recent years, it is a pleasure to many older alumni of both institutions to see a resumption of old relations. Newton Bateman was an alumnus of Illinois college in the class of 1843. Dr. John Fipley, an alumnus and former president of Knox and now one of the editors of the New York Times, was instrumental in raising the fund for the establishment of this memorial.

MEMORIAL CONCERT BY LOCAL ARTISTS

Robert Shoemaker, Baritone, and Frank Collins, Organist, to Appear in Joint Recital at Congregational Church January 16

A memorial recital will be given Tuesday evening, January 16 at the Congregational church by Robert Shoemaker, baritone, assisted by Frank Collins, organist. The program will consist of a number of varied groups of songs, two oratorio numbers, and a group of organ selections. Among the numbers on the program will be several compositions by local musicians.

The program will begin at eight thirty and will no doubt be largely attended owing to the fact that two well known local musicians are to appear on the program. The accompaniments to the vocal numbers will be entirely on the organ and this of itself adds interest to the event. After the actual expenses of the recital have been paid, the proceeds will be used for the extension of the Helen Adams Shoemaker Memorial library at Oak Lawn.

The Congregational church was secured for the event thru the special courtesy of Rev. George E. Stuckney and the house committee of the church. Miss Frances Strawn is managing the sale of tickets, and she will be assisted by Brown's Music store and by a number of personal friends of the singer and of Helen Adams Shoemaker. Those who have given help and encouragement in the plans include Rev. M. L. Pontius and Dr. Martin of Oak Lawn.

Household goods of Lucille Fountain will be sold, at Strawn's Garage, 220 West Court St., Friday, Jan. 12, at 1 p. m. Be there.

ILLINOIS MAN WRITES FROM CALIFORNIA

A Morgan county man who is now in California has written the Journal as follows, signing himself, "From One Who Thinks Illinois Not So Bad After All."

Sanja Ona, Calif.

Editor Journal:

Since my sojourn in the land of sunshine and roses I have received two clippings that appeared in the Journal relative to the climate of this state. It surely has undergone a change since the writer was here, as I have been here five weeks. There have been four rainy days and several showers at nights. At intervals during those days the sun would come out and shine warm like it would in May in Illinois.

True, the air becomes cool toward evening, when a light overcoat is needed. But when geraniums, hibiscus and even morning glories and many other beautiful flowers are in full bloom, one knows that the mercury does not go very low. At the noon hour you can see people enjoying their lunches on tables provided for that purpose in the park, school children playing on the grass, and often a young couple having a pleasant tryst in the sunshine on the benches. The latter are always occupied by a bunch of regulars who congregate daily for arguments, the topics of which are as the varieties of trees in the park, which are said to have come from all over the world.

The Elks gave a community Christmas tree for the children who attended to the number of 2,400, each one receiving a present. This city is improving at a rapid rate. \$3,771,000 of building was done here last year. Although the population is only 20,000 the predictions are that 1923 will surpass that. Carpenters and skilled workmen are in great demand, but unskilled is plentiful, as there are many Mexicans here. They seem to be quiet and law-abiding citizens. Farm land is high. Ranches planted to fruit or walnuts cost \$5,000 and up per acre. Oranges are higher here than in Jacksonville, and only culls at that, as the packers ship out the best.

The soil seems to be similar to that on the Illinois and Sangamon river bottoms, but is productive when irrigated and fertilized. Some ranches are clear sand. Holes are dug at intervals of 16 feet, 4 feet square, and filled with good soil and planted in citrus fruits and sold to people from the east that do not know better; these trees do not bear long. Taking all into consideration, 'tis a good place to escape the rigors of winter, as no fuel is needed, nor heavy clothing. Cord wood sells for \$18 per cord. The writer met a Jacksonville man a few days ago, who remarked that it was 75 per cent better than he expected.

CLOSED

Dorwart's Market will be closed today from 1 to 4 p. m., account of the funeral of Jacob Beasall.

PARTITION SUIT FILED

In the office of Circuit Clerk Wauwamaker Wednesday a partition suit was filed by Mrs. Mary Sturdy, directed against Clyde Sturdy et al. The bill sets forth that lands belonging to the Sturdy estate located at 9-4-11 should be divided in the interest of the large number of heirs. Walter Wright is the attorney for the complainant.

Meivin Smith was a visitor in the city yesterday from Concord.

SERVICES AT TRINITY

Bishop Sherwood will hold quiet day services for the women of the parish all day today. Beginning with a celebration of the Holy Communion at 10 o'clock.

HELP FOR GIRLS WHO WORK

Mrs. Lodic Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Tyrone, Pa.—"A friend told my husband how Lydia E. Pinkham's Vegetable Compound had helped his wife, so my husband bought me a bottle because I was so run-down, had a nervous weakness, no strength in my body and pains in my left side so bad that I could hardly do my work. Before I was married I used to work in the factory, and I had pains just the same then as I have had since I have done my housework. I would not be without a bottle in the house now. It has stopped the pains all right and I have found out that it is a wonderful body builder, as it has made me well and strong. It is going to be the 'old reliable' with me hereafter, and I am always willing to tell other women how it has helped me. You can use this letter as you wish as I can honestly say that my words are true."—Mrs. M. Lodic, E.D. Fla. 1, Box 10, Tyrone, Pa.

You can taste the difference in ZEPHYR bakings

SOMEHOW the snowy-white cake seems sweeter and richer the very first time you bake with Zephyr flour. Rolls, too, have a new fluffy lightness and pie crusts are tender and wholesome. The secret's in the milling of the choice Kansas wheat, so full of healthful nourishment. Zephyr is always uniform in quality, each sack just like the last. That's worth remembering when you compare ordinary flour with Zephyr.

Truth in Advertising

"Truth in Advertising" has always been a rigid policy of this firm. It is today—and always will be.

"Printed Salesmanship" is just as important a policy of any business as salesmanship and service on the floor.

Our sincere endeavor is to make one dovel and fit into the other—and to 'back' every statement with actual performance.

It is our policy to 'build' the best clothes—suit or overcoat—possible for the money, no matter the price paid; to slough no detail of workmanship or fitting in a lower price garment that very naturally would go into the higher priced.

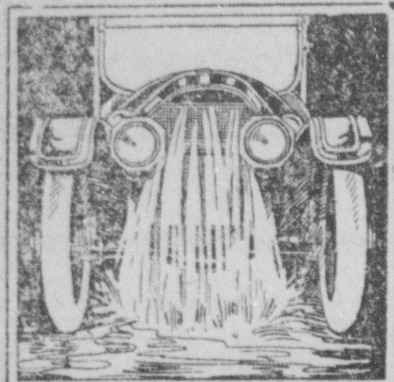

Satisfaction to every patron is our constant aim.

The prices of woollens by the manufacturers is advancing every week. We would suggest, therefore if you need something in our line, it would be economy to call soon.

IMPEACHMENT OF OFFICIALS MAY BE BROUGHT UP

Igoe Would Impeach Small, Sterling and Russel

(By The Associated Press)
SPRINGFIELD, Ill., Jan. 10.—Announcement of proposed impeachment proceedings in the house against Governor Small, Lieutenant Governor Fred E. Sterling and State Auditor Andrew Russel, by Representative Igoe, Democrat, of Chicago, was given here with moderate expression among members of both houses tonight following the adjournment of their sessions to day.

Representative Igoe has requested the legislative reference bureau to prepare the resolution in parts which he believes will be passed by the house. Presentation of the resolutions he said would be withheld pending action by certain other bodies in regard to matters involved in the resolutions. While there is no definite expression, it is believed by legislators that the principal issue involved is the Marks-MacPherson senatorial election contest.

Governor Small as a member of the canvassing board voted to seat Senator Adolph Marks, when the election returns which gave Norman G. MacPherson a majority. Two dissenting votes were cast in the decision. Mr. Igoe said his resolutions would also be based on the indictments returned by the Sangamon grand jury against Governor Small, and Lieutenant Governor Sterling, and State Auditor Russel was not indicted. Governor Small was acquitted at Waukegan on the charges involved in the indictment. It was alleged in the indictment that Mr. Sterling and the governor conspired to cheat the people and that they had embezzled money collected as state interest. Mr. Sterling has not been tried.

The Russel resolution will contain charges concerning civil suits and the Marks-MacPherson contest as Russel is a member of the state canvassing board. The senate before adjournment today appointed an election committee of twenty-two members to investigate the election of Mr. Marks and Mr. MacPherson. This will probably start in Chicago Monday.

Civil suits in which all three men are concerned are pending. "The presentation of the resolutions to the house, all depends on what action may come in the future so far as I am concerned," Mr. Igoe said. "Whether I personally will present the resolutions has not been fully determined upon but they will be presented in the event that certain matters which Democratic members of the house believe satisfactory remain so. If these matters are cleared properly, the resolutions may not be brought before the members. Then again they might be taken up next week and may be not until an opportune time."

THE DAY'S EVENTS IN WASHINGTON
(By The Associated Press)
President Harding ordered the immediate withdrawal of all American troops from the Rhine. Senator McCumber, Republican North Dakota, declared in the senate that farmers need co-operative organization not more credit.
Recall of Roland Boyden, unofficial American representative on the reparations commission was demanded by Senator Reed, Democrat, Missouri.
Submission to states of a child labor constitutional amendment was urged at a senate hearing by a delegation of women representing a dozen or more organizations.
Secretary Mellon notified the senate he was opposed to increasing the personnel of the American debt commission to permit the naming of three Democrats as members.
F. Edson White, president of Armour & Co., began conferences on the proposed Armour-Morris packer consolidation and other phases of the packing industry.

LONDON IS NOT SURPRISED AT ACTION

(By The Associated Press)
LONDON, Jan. 10.—The announcement of the decision to withdraw the American Rhine troops necessarily arrests attention in London, but does not cause the surprise it might have occasioned if the American attitude towards French policy had not been known. Moreover the possibility of withdrawal had for some time considered while the United States senate's resolution was expected.
The American withdrawal is everywhere regarded in the first place as emphasizing American disapproval of French policy. Its probable effect on the situation is not discussed up to the present except as it may influence similar action by the British. Opinion on this score is divided.

Col. O. C. Smith, managing officer for the school for the deaf, has returned from Chicago, where he attended the twenty-fifth anniversary celebration of the war with Spain, held by Spanish-American war veterans.

AMERICAN TROOPS WILL BE BROUGHT HOME FROM RHINE

(Continued from Page One.)
Actual movement of the troops from Coblenz it was said would begin just in time for them to embark directly from trains. The only American military units left behind will be detachments to complete disposition of stores and property not brought home and those in charge of graves registration activities. Some of General Allen's staff officers will come by passenger ships as the St. Mihiel cannot accommodate all.

Detailed Orders to Allen.
Detailed orders to General Allen, went forward last night by mail. Today's cable message was in the nature of a preliminary advice upon which he can take immediate action. After informing General Allen that detailed instructions had been mailed to him the message said the St. Mihiel would first proceed to Savannah, Ga., then to Charleston, S. C., and finally to New York. At each port units will disembark.

The cablegram also instructed organizations to return with individual equipment, authorized household effects and records only, and stated that "no motor vehicles, paints, oils, greases, subsistence stores or public animals will be returned and only such authorized officers' mounts as are now owned by officers desiring to ship."

The Coblenz area, which has been under American command ever since the German army withdrew from the bridgehead zone on the Rhine under armistice terms, presumably will pass back to the custody of Marshal Foch, allied supreme commander in charge of the enforcement of armistice conditions. The American zone still is held under the armistice as the United States is not a party to the treaty of Versailles which gave permanent status to other forces of occupation.

While a resolution proposed by Senator Reed, Democrat, Missouri, urging withdrawal from the Rhine was adopted overwhelmingly by the senate last Saturday there was no preliminary indication that the president was preparing for such a step. The withdrawal order came as a complete surprise to those who had knowledge of the reasons that prompted the state department last year to intervene when the war department was preparing to bring home the entire command.

There was no other phase of the reparations crisis upon which state department officials had anything to say. Roland W. Boyden, unofficial observer for the United States on the reparations commission, transmitted to the department the remarks he made at the commission's meeting yesterday opposing the determination of the French, Italian and Belgian commissioners to declare Germany in voluntary default on coal deliveries.

Reed Message Held.
The department declined to make this message public on the ground that Mr. Boyden had been expressing his personal views.

In holding that there were many mitigating circumstances which should have been taken into consideration by the commission in reporting a technical treaty violation to the treaty powers Mr. Boyden undoubtedly expressed a view by officials here. As his statement has been understood with respect to changes necessary in the treaty it was to the effect that the demonstrated facts as to coal or timber in view of all circumstances showed that deliveries had been imposed on Germany by the commission's requirements which could not be met.

In a general way this, beyond question, is in harmony with the view of the Washington government on the broader aspects of the reparations crisis. The disapproval of forcible measures voiced by Secretary Hughes in his New Haven address is regarded by officials as a sufficiently clear indication of American opinion although uttered before the detailed French plan was disclosed.

RUHR INHABITANTS ON TENTERHOOKS

(By The Associated Press)
ESSEN, Jan. 10.—The Ruhr tonight is on tenterhooks wondering whether the morrow will see the heralded appearance of glistering French bayonets among the numerous smokestacks arising above its rich deposits of coal and great industrial plants.
Official advice up to late this evening reported that the boundary separating the Ruhr from the occupied area had not been crossed by a soldier of the forces which France has been holding in readiness for several days. From all parts of the border comes word of the utmost calm prevailing.
A trip made by the Associated Press correspondent thru Oberhausen, Duisburg and Muelheim, revealed no evidence of foreign troops except in the occupied town of Duisburg, where an occasional French or Belgian uniform was seen with sometimes a squad or supply wagon passing on the streets apparently on local duty.

Dr. R. V. Brokaw will address a meeting of the White Hall Woman's club on January 15.
J. G. Berger left this morning for a brief business visit in St. Louis.
Miss Adella Aufdenkamp was a shopper in the city Wednesday from Arenzville.

NAMES OF THIRTEEN MEN BROUGHT OUT IN MER ROUGE MURDER

(Continued from Page One.)
Neelis also declared that Carpenter overheard a conversation in which he was engaged with another man with reference to Klan activity called him aside and advised him to quit talking about our affairs.

Richard's Wife Testifies.
Mrs. Richard's testimony was devoted almost entirely to the kidnapping of Richard on August 18, when she said Richard told her of being taken into the woods by a blackhooded band and questioned as to an attempt that had been made some time previous to assassinate Dr. McKoin.

"My husband told me he had been exonerated," Mrs. Richard said, "and laughed about being kidnapped."
Mrs. Richard said she first learned that her husband had been kidnapped on that occasion when their three-year-old child who was with Richard at the time met her with an exclamation that "the Ku Klux has daddy."

Richard returned to his home in Mer Rouge later in the day after he had been released, Mrs. Richard said.
She then told of the second kidnapping a week later when he failed to return.
Neelis was on his way to Mer Rouge when he said he was stopped by a party of blackhooded men a short distance from Bas-

tron, questioned and allowed to proceed but was stopped again a short distance further by two unmasked men whom he named as "Burnett and Rogers."
"When I was stopped by the two men it was decided that I be returned to the point where the masked men were," Neelis testified.

"When Burnett and Rogers held me up, I talked with them long enough to know what they were after. It was Richard. Burnett intimated that Richard was he man wanted. I told them then that if they wanted Richard he need not resort to any of these measures. Burnett and Rogers then took black masks from their pockets and put them on. Fred Higginbotham, a Bastrop restaurant man next came up. He was unmasked. He consulted with Burnett and Rogers and then I was told I could go."

GERMANS PROTEST FRENCH VIOLATION
ESSEN, Jan. 10.—A mass meeting of 10,000 persons was held tonight and adopted a resolution by acclamation in protest against the French violation of the treaty of Versailles.
The speakers included Food Minis er Luther and the meeting was composed mainly of the better class of residents. The speeches were freely interspersed with the singing of Deutschland Ueber Alles.

ASKS THIEVES TO RETURN FOR PANTS
NEW YORK, Jan. 10.—When thieves robbed a clothing store in Broadway for the fifth time a few weeks ago, the manager posted a

notice on the window advising them if they would come back they could have the pants to match a coat they had carried off. The robbers returned early today and smashed a \$500. plate glass window. Failing to find the pants, they carried off \$200 worth of clothing that was on display. The management plans no more jokes.

Tight shoes are said to aggravate attacks of Neuralgia.

The speakers of the afternoon were Miss Helen Walker and Mrs. Ben Roodhouse, music by Mrs. Carl Markille, Miss Elmer Thompson in behalf of the class presented Mrs. Ray with a handsome remembrance. Mrs. John Baker read the following poem of her own composition, entitled "Our Sister."

To gather here this afternoon
In honor of our president
Who will be leaving very soon
To be a Springfield resident.
Her faithful, ever true,
Loyal to her work of love
The class can never give praise
Due to her.

So ask reward from above.
We are loathe to part with Mrs. Ray,
And we wish her much success
And memories with the class
Will stay.

While her future home will
Be bliss.

DEFENSE DIRECTS EFFORTS TOWARD CLEARING CLARK

Claim He Pleaded in Vain For Prisoners' Lives

(By The Associated Press)
MARION, Ill., Jan. 10.—The defense at the Herrin riots trial directed all of its efforts today toward an attempt to prove that Otis Clark, alleged leader of the mob and one of the five defendants pleaded in vain to save the lives of the twenty non-union workers slain June 22.

"If this is going to be murder, I'll quit right now," eight eye-witnesses testified they heard Clark declare to a crowd of men who escorted eight captives from the mine where the trouble started to Crenshaw Crossing, three quarters of a mile from the pit the morning of the tragedy.

"The miners do not approve of murder and if these men are killed it will be the worse thing that has happened to the United Mine Workers and to Williamson

county," John Miller, secretary of the miners' local at Royallen testified that Clark told the crowd after several persons had cried "hang them," and "kill them."

The eight eye-witnesses and another, Harry Wilson, a Johnson City miner who arrived at the crossing after the crowd had based on, testified regarding the movements of Clark up until nearly 11 o'clock that morning all of them placing him at points where it would have been impossible for him to have taken any part in the slayings which took place between 8:40 and 9:15 a. m.

Grant and William Joyce were local business callers from south of the city yesterday.

UNITED STATES SHOWS GAIN IN MOTOR VEHICLES

Year of 1922 Shows Gain of 17.6 Per Cent Over 1921

(By The Associated Press)
NEW YORK, Jan. 10.—The year 1922 ended with 12,357,376 automobiles and motor trucks on the roads of the United States, a gain of 1,851,716 or 17.6 per cent over registration figures for the year 1921—said a report made public tonight by automotive industries.

The figures mean a car of some sort for every 8.7 persons in the country.

New York was the first state to pass the 1,000,000 mark. It led with 1,000,732 and also had the largest numerical gain over the previous year with 188,701. The percentage gain over 1921 was largest in the District of Columbia and in the state of Washington, the increases being 38.4 per cent and 31.1 per cent respectively.

Fees collected by the various states from motor taxes totaled more than \$150,000,000 exceeding the 1921 figures by some \$30,000,000.

Every state had more cars and trucks in use on December 31, 1922, than on the same date in 1921.

The greatest numerical gains were made in the high registration states as usual, New York, California, Pennsylvania, Illinois, Michigan and Massachusetts leading the list of actual gains in the order named.

ARMY AVIATOR KILLED AT KELLY FIELD

San Antonio, Texas, Jan. 10.—Lieutenant Fanda B. Johnson, 31, was killed near Kelly Field this afternoon when the plane in which he was leading a squadron of ships collided with a plane piloted by Sergeant D. G. Warner. Both ships were wrecked, but Warner was not injured despite the fact that he dropped nearly 2,000 feet.

H. C. Almsworth was a business caller in Jacksonville yesterday from Roodhouse.

RUSSIAN PRESS BELIEVES ACTION MAY BRING WAR

Communists Believe French Move Will Bring Revolution

MOSCOW, Jan. 10.—The Russian press generally views France's action with regard to the Ruhr and the breaking up in disagreement of the Paris conference of premiers as threatening a new war.

The communist leaders always have taken the stand that Premier Poincare's policy was the very thing to drive Germany to revolution and they therefore are watching the situation intently.

Russia repeatedly has reiterated her peaceful intentions but some months ago Minister of War Trotsky in an interview with the foreign correspondents replied pessimistically to the question as to what Russia's attitude would be in the event of a new European war, saying that if France invaded the Ruhr, thus precipitating

war, and Poland joined France he doubted if Russia could remain neutral.

VACCINATION IS CAUSE OF LAW SUIT

(By The Associated Press)

DIXON, Ill., Jan. 10.—A dispute between citizens of Dixon believing in vaccination and those opposed to it culminated today with the filing of a bill for an injunction before Judge Stransky in county court, asking that the board of health and the board of education be enjoined from denying admission to the schools of children who have not been vaccinated. The order for vaccination was issued a week before Christmas when seven cases of small pox were discovered in the city. The holiday vacation was extended two weeks to avert trouble but when additional cases of small pox were reported the state authorities were called in and the prohibitive order was issued.

Arguments on the petition for the injunction will be made Monday.

**W. C. T. U. WILL HOLD
MEDAL CONTEST SOON**

Plans for Temperance Recitations
from Boys and Girls Tuesday
Evening—Interesting Meeting
is Held and Good Program
Given.

The local W. C. T. U. has de-
cided to hold a silver medal tem-
perance contest Tuesday evening,
January 16, at the David Prince
auditorium. All proceeds above
the expense of the evening will
be used for the benefit of the Near
East, and will be sent as a con-
tribution to the Near East Relief
fund.

Eight boys and girls ranging
in age from 10 to 14 years, will
participate in the contest. They
will recite temperance selections,
and the boy or girl speaking the
best will receive a silver medal.
Several children are already
studying and practicing for the
contest, and any who wish to en-
ter should see Miss Olive Blunt,
the president of the society.

Cash prizes are also to be
awarded to those high school and
college students writing the best
essays on temperance subjects.

A most interesting and effec-
tive meeting of the Jacksonville
W. C. T. U. was held Tuesday af-
ternoon at the old people's home.
Miss Olive Blunt presided over
the meeting, with Miss Mattie
Tapp as recording secretary.

The following program was
given:

Opening song, "Safely thru an-
other year"
God hath led us on our way;
Let us now a blessing ask:
Waiting in His courts today."

Devotional readings from Chris-
tian Herald were given by Mrs.
Charlotte Gray and Miss Mattie
Tapp.

Song, "Tis the Old Time Re-
ligion."
Instrumental Selection—Miss
Hallie Green.

Mrs. Frances Archer then
read the national program of ac-
tivities plan for W. C. T. U. by the
national executive for 1922 and
1923.

Should anyone have the im-
pression that, now that we have
reached the goal of constitutional
prohibition, that the work of the
W. C. T. U. is done, they should
read this.

Mrs. Gray read of the work
planned against narcotics and
spoke of her personal work among
the boys of her acquaintance
against cigarette smoking.

The notice of the passing on of
a former state president of Illi-
nois W. C. T. U., Mrs. Mary E.
Kuhl, was given. Several mem-
bers remembered her visit to
Jacksonville, and spoke in eulogy.

The following letter was read by
Miss Blunt. Being of interest to
the public, it is given in full.
To the President, Local W. C. T. U.

Dear Madam—Will you please
read the enclosed statement and
see that the matter is placed be-
fore your local union:

As you realize, the Near East is
the vital problem before the
world today. While nations are
settling political difficulties, Near
East relief is endeavoring to save
the little children from suffering,
starvation and bitter privation.

We are now taking care of
115,000 orphans in orphanages
and homes. Some of these chil-
dren will soon be self-supporting.
Many already are partially so. We
cannot abandon those we have
saved, turning them out to cer-
tain death!

In addition, Near East relief is
straining every effort to try and
save some of the thousands made
homeless, sick and miserable by
the Smyrna outrage.

Our task would be impossible
were it not for the continued in-
terest of generous-hearted Ameri-
cans. Therefore we appeal to
your union to do what it can,
either by adopting an orphan or
contributing so that some needy
child may be fed.

Sincerely yours,
Estelle McClancy Northam.

**IMPROVEMENTS AT
COUNTY JAIL**

The moving of the election
building back of the county jail
further west on the jail property
has been made possible by the
wrecking of several sheds on the
grounds. This will remove the
obstruction of view at that cor-
ner. Other improvements on the
property include the tearing away
of the old porch in front of the
jail, a new one being under con-
struction.

**INHERITANCE TAX
FIXED IN WALSH CASE**

In the estate of John M. Walsh,
of which A. J. Gebert is the ad-
ministrator, the report of the in-
heritance tax as fixed by law has
been filed in the office of the
county clerk. This report shows
that one-half of the net value of
the personal estate \$5,985.50, be-
comes the property of a sister,
Bridget Walsh, and is not subject
to taxation, as her exemption un-
der law would be \$20,000.

One fourth interest in the re-
maining half of the personal
property is payable to a nephew,
Michael E. Walsh of Sacramento,
Calif. His interest is \$1,496.30,
of which \$500 is exempt and the
inheritance tax due the state is
\$59.78. Similar amounts apply
to the interests of Margaret Hol-
ley of Kansas City, Kans., Miss
Anna Doolin of Jacksonville, a
niece; and Julia N. Joyce of Pitts-
burgh, Pa., a niece.

We have two Ford coupes
that we would sell.

SHERIFF'S SALE

By virtue of an Execution to me
directed by the Clerk of the
Circuit Court of Morgan County,
in the State of Illinois, in favor
of Vernon Baker and against Cla-
rence Ross and John Atterbury. De-
fendant, I have levied upon all
the right, title, interest and claim
of John Atterbury in and to the
following real estate, to wit:
Eighty-eight feet off the North
end of Lot 43 in Duncan and
Clark's South Addition to the
town, now City, of Jacksonville,
Illinois, and The north 100 feet
of Lot 9 in Block 4 in City Ad-
dition to the City of Jacksonville,
formerly part of Lot 2 in the por-
tion of land and which Stephen R.
Reid died seized; and Lot 7 in
Block 4 in the City Addition to
the City of Jacksonville all sit-
uated in the County of Morgan,
State of Illinois.

As the property of the said John
Atterbury which I shall offer to
public sale, to the highest bidder

at 2 o'clock P. M. to satisfy said
Execution.

T. O. WRIGHT, Sheriff Morgan
County.

This 11th day of January, 1923.

**TROOP RECALL CAUSE
OF MARKET FLURRY**

NEW YORK, Jan. 10.—Presi-
dent Harding's order for the with-
drawal of American troops from
Germany caused a flurry of specu-
lative selling which carried a
number of issues down 1 to 2
points in today's stock market but
these offerings were well ab-
sorbed and the market eventu-
ally turned upward under the stimu-
lus of higher foreign exchange,
lower call money rates and ag-
gressive buying of special stocks.

While the unsettled foreign sit-
uation continues to cause a strain-
ing effect on the volume of busi-
ness large traders taking their cue
from the strength and steadiness
of foreign exchanges, seem in-
clined to take a hopeful view of
European conditions.

Demand sterling was quoted to-
day at 4.66, an advance of more
than one cent over yesterday's
ruling rate and French francs
moved up nearly 20 points to
6.31 cents.

The Italian lira got back to the
5 cent mark and Belgian francs
advanced 23 points to 6.35.

Bulldwin and Studebaker, each
of which reflected sharply on sell-
ing pressure, rallied briskly and
closed the day at a net gain of
1 and 2 of a point respectively.

Specialties took a prominent
part in the late advance, Postum
Cereal advancing 7 1/2 points on the
day, Beech-Nut moving up 5 1/2
on speculative expectation of a fur-
ther increase in dividends and
Nash Motors rising 6 points on
the announcement that dividends
at the rate of \$10 had been de-
clared on the new stock.

SALVATION ARMY TO HEAR DIVISION HEAD

Lieutenant Colonel David E. Dunham, Commander of Midland Division To Speak Friday—Public Invited.

A meeting of more than usual interest is predicted by Lieutenant Hall of the Salvation Army for Friday evening, when Lieutenant Colonel David E. Dunham, division commander for the Midland division, will conduct services at the Army church on East College street just off of Main street.

At the time of last call the visiting officer was a brigadier, and local friends will be glad to know of his promotion. He is now one of eleven division heads for the Central territory of this country and has 30 corps under his command. He has been 35 years of Salvation Army service, from coast to coast, and served in one of the regular army camps during the last war.

The service Friday evening will begin at 8 o'clock, and the public is invited. The following Thursday, January 18, Mrs. Dunham will be here to conduct the services.

CHRISTIAN CHURCH IN ANNUAL MEETING

Departments Show Great Progress During Past Year — Forty-one Organizations Report — Number of Officers Elected.

The annual meeting of Central Christian church was held in the church building on Wednesday evening. The chairman of the board, A. C. Rice, presided. Reports of forty-one organizations and committees were received, and a number of officers elected.

The Central Christian church has had one of the best years in its history during 1922.

During the past year the church raised for all purposes over \$22,000. This does not include the money received through the Sunday school, and organized classes and Pas.oral Helpers. Nine thousand five hundred dollars of the above amount was used for the expenses of the local church. More than \$5,000 was given to missions and benevolences. More than \$6,000 has been paid on the new organ. All obligations of the church are covered by pledges.

The pastor's report shows that he preached 126 sermons, officiated at 96 funerals and performed 34 wedding ceremonies. During the year at regular services 72 new members were received into the church.

The Central Christian church is a standard church according to the decision of the United Christian Missionary society of St. Louis, Mo. The church contributes to all organized work done by the denomination.

It was announced that there are twelve weekly evening meetings of the different societies and organizations of the church. This does not include the meetings held monthly.

Growth of Sunday School.

The Sunday school under the leadership of B. O. Roodhouse has grown steadily. The average attendance during year was 482. The Sunday school has been active in missionary and benevolent work. Two large training classes were held each Wednesday evening. Organized classes of the school have had part in every good work in the city.

The Pastoral Helpers under the guidance of Mrs. Lillian King. The had a most successful year. The organization took the initiative in raising funds for the new pipe organ. During the year this society raised \$4,500.

There are two good missionary organizations in the church. Both have been active with regular programs and a very definite plan of service.

Reports were given by the Senior, Intermediate and Junior C. E. societies. These reports indicated a healthy growth in this organized activity of the church.

Reports were made by all committees. Especial activity was noted in the work of the relief committee and the employment committee. The church has more than cared for its needy and many have found employment thru the activity of the employment committee members.

The report of Scout Troop 4 indicated a full troop with a considerable waiting list. There are 64 members of the Boys' club including boys under scout age. They meet regularly each Tuesday evening.

The report of the brotherhood showed a substantial gain in members and a reorganizations of the program of the society. W. H. Self is the president of the brotherhood.

PLANS FOR YEAR.

An effort will be made during the year to co-ordinate all the activities of the church and give them strength for service.

The church has voted to hold an evangelistic meeting in November, 1923. H. H. Peters will serve as evangelist and W. M. Hackleman as leader of song. The meetings will continue one month.

The following officers were elected at the close of the meeting: Elders, W. T. Clarkson, D. W. Osborne; deacons, Bascom Lair, W. L. Shibe, W. W. Schrag, H. J. Smith, Scott Carter, Lee Sullivan; church clerk, C. H. Martin; church treasurer, C. H. Martin.

MUTUAL INSURANCE CO.

HOLDS ANNUAL MEETING

The directors and stockholders of the Jacksonville Farmers Mutual County Fire Insurance Co. held their annual meeting Wednesday afternoon in the blue room of the Peacock Inn. Three directors, C. A. Rowe of Jacksonville; W. F. Roeger of Mercedosia, and Isaiah Whitlock of Murrayville, were re-elected to succeed themselves on the board.

Hon. S. B. Mason of Bloomington, secretary of the McLean county Farmers Mutual Co., and also secretary of the State Association of Farmers Mutuals, made an address on the workings of these organizations. He was accompanied by Miss Jones, a representative of a new state association of Farmers Mutual Automobile Insurance.

The East State St. Electric Shop is now located at 225 North Main Street. WALSH ELECTRIC CO.

NOTICE

The remains of J. S. Magill who died recently at the I. O. O. F. Home at Mattoon, did not reach Jacksonville Wednesday evening on the Wash as expected. Accordingly arrangements for the funeral could not be made until today.

SPANISH WAR VETS LOOK TO CONVENTION

Col. O. C. Smith has returned from Chicago, where he attended a meeting of the executive committee of the United Spanish War Veterans. The purpose was to make some preliminary plans for the annual convention which is to be held in this city the last week in June.

There will be more than 500 delegates to the convention, and it is the expectation that at least 1,000 veterans will be visitors in the city.

When Col. Smith extended the invitation for the convention to meet in Jacksonville he coupled with it a proposition to provide quarters for all delegates at the State School for the Deaf. This made it possible to bring the convention to Jacksonville, as the school will not be in session at that time and the dormitories will be available for the visitors.

A DASTARDLY ACT.

To the law abiding citizens of Jacksonville. We take this liberty of expressing the sentiment of nearly two thousand colored people in this community, who deplore the heinous crime committed on Mr. Elmer Cully by two vagrants said to be colored men. We do not condone crime whether committed by a black man or a white man, and the colored people in Jacksonville to a man, I believe, stand ready to assist legal authority in every way possible to bring these culprits to justice and to give them the full penalty of the law governing such crimes.

The colored people of Jacksonville are hard working, industrious and honest. Living in a community of white citizens that few if any in the State of Illinois equal in fairness to all. Sixty per cent of the colored population of this city belong to some church and over fifty per cent pay taxes. It is true with all of the best teaching that we may be able to exert it is possible for any race to develop some criminals, and while we deplore the act committed on Mr. Cully we are exceedingly glad that it was not committed by any of our race resident in this city.

Our prayers and sympathy go out for Mr. Cully and his sorrowing family, and we pray God's choicest blessing may rest upon them. We pray that these culprits may be apprehended and brought to justice, and that sentiment may not reflect against a good class of citizens who are living peacefully in this community, because where sentiment is allowed to take the place of better judgment and reason, often the innocent is made to suffer and the guilty go free.

Yours in sympathy, R. H. Hackley, Pastor Bethel A. M. E. church.

SUSPECT ARRESTED IN CULLY ASSAULT CASE

Police Will Go To Get Suspect In Effort to Identify Prisoner—Cully's Condition Improves.

Reports from Elmer Cully, who was snatched by a negro bandit early Tuesday morning at the Zahn garage, continued to be in hopeful vein yesterday. In the evening Dr. F. A. Norris said that Mr. Cully's chances for recovery are excellent. The greatest danger now is from pneumonia.

Meanwhile the police department continues active efforts to apprehend the bandit. Additional descriptive circulars were sent out to cities and towns in a wide radius and descriptions were furnished by telephone to some localities. Information reached the police department that a colored man answering the description of the man who shot Cully had been arrested in Galesburg.

Chief of Police Kiloran and a member of the police force expect to go to Galesburg today in an effort to identify the prisoner. If they find the man under arrest answers the description he will be brought here for identification by Mr. Cully. The Galesburg suspect is said to be a colored man about 20 years of age, who wore an army overcoat, a pair of overalls and a brown cap when arrested.

These details tally exactly with the description given Mr. Cully. Furthermore, the suspect when searched carried a 45 calibre revolver with one chamber empty. It was a 45 calibre that was used in the attack on Mr. Cully.

Household goods of Lucille Fountain will be sold, at Strawn's Garage, 220 West Court St., Friday, Jan. 12, at 1 p. m. Be there.

URANIA TO HOLD BOOSTER MEETING

The members of the degree staff and the active workers of Urania lodge, No. 243 I. O. O. F., will hold a booster meeting Thursday evening, January 11.

The lodge is working for a large class of candidates to take the initiatory work on January 29, and a number of candidates have already been secured. The meeting tonight is an open meeting and these candidates, together with prospective candidates, have been invited to be present, each active member inviting a friend whom he has reason to believe will be interested in the work of the order.

An interesting program has been prepared by the booster committee. Grand Senior Warder Yden Weber of the Grand Encampment of the State of Illinois has been secured as the speaker of the evening, and will give addresses on the principles of Oddfellowship. A number of readings, together with musical numbers will round out a full evening's entertainment.

The booster committee consists of William E. Thomson, Edwin J. Rawlings and W. Edgar Austin.

DOKAYS DECIDE TO ENTER TOURNAMENT

Manager Leo Suiter of the Dokays Independent basketball team signed an entry blank Wednesday entitling the team to a place in the amateur Independent Championship Tournament to be held at Athens, Ill., Feb. 16 and 17. The team will thus be given the opportunity to meet some of the fastest independent aggregations in the state. The tournament is a district affair, leading to the state tournament to be staged later.

The Dokays are to hook up with teams from surrounding towns during the next few weeks. They will play the New Berlin, American Legion team, the Franklin Independents, and teams from Petersburg and Springfield.
